Please list if any other instructions (eg. specific room layout, front façade styling requirements etc)

Note: If not enough space, please supply/attach own separate lists

Pyramid design & drafting

Building Design & Architectural Drafting Services

Introduction to Pyramid design & drafting:

Established in 1995

Pyramid design & drafting provides a complete and professional building design and architectural drafting service, consulting to building companies, owner builders, property developers and investors.

Pyramid design & drafting's Mission Statement is ***"To strive for Building Design Excellence and produce Quality Architectural Documentation and Service"***. For a comprehensive overview about Pyramid design & drafting, please visit our website at www.buildingdesign.net.au

Pyramid design & drafting specialises in residential developments and can tailor a service to suit your requirements. Homes can be custom designed or you can base your design on one of Pyramid design & drafting's extensive range of pre-designed homes. Any architectural style can be developed including Modern/Contemporary, Hampton, Country Homestead/Cottage, Colonial, Georgian, French Provincial etc.

The elements of good architectural design are balance, proportion, symmetry and harmony. A building needs to properly respond to the site and the environment, and take advantage of its attributes. Building sustainability through energy efficient planning and solar orientation represent key factors in achieving a successful design outcome. Home designs should compliment your lifestyle and reflect the specific requirements of the individual, whilst satisfying local authority controls. **Pyramid design and drafting's aim is to obtain a design brief and help turn your ideas and dreams into a reality.**

Building Design & Architectural Drafting Services:

Specialising in:

- * *New Homes custom designed*
- * *Dual Occupancy / Duplex developments*
